**Registration Fee for Certified Backflow Assembly Tester**

Please make check or money order payable to NNEPA-PWSSP.

Registration fee: \$25

The Public Water Systems Supervision Program (PWSSP) maintains a roster of the registered certified backflow assembly testers and makes it available to public. Only the registered certified backflow assembly testers are allowed to test assemblies within the jurisdiction of the Navajo Nation. The PWSSP keeps track of all the testers and their testing credentials and holds them accountable for their tests. The PWSSP informs testers of any new regulations affecting them or any training opportunity in the reservation.
